

PRAIRIE CELEBRATION & RANCH TOUR

TLA & The Sproul Family Invite You To Gather With Us

Tallgrass Community:

Join us for a celebration together out on the Prairie.

This day is centered on the prairie itself and the people caring for it: the Ranchers, Landowners and Rural Communities working to carry North America's last Tallgrass Prairie forward for future generations, all while growing food for our nation.

At the heart of the day is a simple understanding: land is not only something to own or use. Land is a community we belong to, live with, and are responsible for caring for while it is our turn.

TOPICS COVERED

- ▶ Soil, roots & water as the living foundation of the prairie
- ▶ Managing invasive species pressure before it weakens the prairie community
- ▶ Planted annuals and cover crops to grow more forage, extend grazing and give the Tallgrass a break
- ▶ Multi-species grazing as a practical tool for managing grazing pressure, forage use, and prairie health

RANCHERS & RESEARCHERS SPEAKING

- ▶ 2S Land & Cattle & Theo Michaels, K-State
- ▶ Downey Ranch & Sophie Westbrook, K-State
- ▶ Sproul Ranch & Molly Reichenborn, K-State
- ▶ Trinity S Cattle Co, Shrum Ranching & Laura Goodman, OK-State

When: Thursday, September 10, 2026

Where: Sproul Ranch | Sedan, KS

Details given with RSVP

Time: 9:00AM - 3:30PM | Social After
