

# WORKING FOR FARMERS SINCE 1894

National Cattlemen's  
Beef Association

Advancing the business interests of its members is KLA's mission. Officers and staff work to achieve this goal day-in and day-out by working with legislators and regulatory agencies to advance KLA policy. While a large percentage of KLA's membership is composed of beef producers, the association's efforts benefit producers of a variety of ag commodities as well as those engaged in related industries. KLA invites landowners, farmers, agribusinesses and anyone else with a financial stake in Kansas agriculture to join us in our work on their behalf.

## *We've got your back.*

- Repeatedly reminding legislators that the sales tax exemptions for farm machinery and equipment (including repairs and replacement parts), grain, inputs consumed in production, and ingredient or component parts KLA fought relentlessly to secure decades ago are vital to an industry that operates on narrow margins.
- Leading the fight to secure the property tax exemption for livestock and farm machinery and use-value appraisal of ag land. In 1986, a constitutional amendment secured this monumental tax package for Kansas farmers and ranchers.
- Protecting agricultural family legacies through estate tax relief.
- Supporting increased weight limits for trucks carrying agricultural inputs, supplies and commodities.
