

WORKING FOR INDUSTRY PARTNERS SINCE 1894

National Cattlemen's
Beef Association

Advancing the business interests of its members is KLA's mission. Officers and staff work to achieve this goal day-in and day-out by working with legislators and regulatory agencies to advance KLA policy. While a large percentage of KLA's membership is composed of beef producers, the association's efforts benefit producers of a variety of ag commodities as well as those engaged in related industries. KLA invites landowners, farmers, agribusinesses and anyone else with a financial stake in Kansas agriculture to join us in our work on their behalf.

We've got your back.

- Protecting agricultural family legacies through estate tax relief.
- Leading the fight to secure use-value appraisal of ag land, ensuring landowners are taxed on the production value of their land, rather than on actual sales price or a speculative market value.
- Securing and protecting sales tax exemptions for a variety of ag inputs. Decreased taxes translates into more cash available for purchases of items vital to their operations.
- Working with legislative and regulatory agencies to ensure environmental regulations are science-based, enabling ag production to continue in all areas of the state.
- Assisting individual members with a variety of legal questions common in the industry, preventing them from incurring large legal bills that would erode their profits and/or put them out of business.
